Risksmith Insurance Services Goes Live with I-Engineering's ALIS Enterprise System
A new entry to the MGU marketplace has selected I-Engineering's Enterprise System, ALIS

Shelton, CT, September 28, 2018 – I-Engineering, Inc. is pleased to announce that Risksmith Insurance Services, a 2017 entry to the managing general underwriter marketplace, is live with the ALIS Enterprise System as its technology foundation. ALIS, the All Lines Insurance Suite Enterprise System, is the next generation Agency Management System, providing a fully integrated Rating Engine with Web Services, Policy Issuance and Management, Renewals, Endorsements, Cancellations, Reinstatement Claims, Workflow, Document Management and Reporting, as well as a full Accounting Module. This all-encompassing software solution empowers Risksmith to streamline many of their internal operations while they continue to build and grow.

Ryan Scheinfeld, founder and CEO of Risksmith, is pleased to have partnered with I-Engineering and the ALIS system. "With I-Engineering and the ALIS system, we are now able to provide our agents with an exceptional experience, from rating to binding to policy issuance," Scheinfeld said. "It's really giving us an incredible competitive advantage in the market place because we can provide a product to those agents that they weren't able to get on a direct basis and now they have access 24-7."

Karin Buss, Vice President of Operations & Corporate Controller of Risksmith explained, "We have been very pleased with the intuitive nature of ALIS. Getting up and running with the system has been made easier because it has a friendly user interface. Now, we are finding that so many of our processes have been simplified, it gives us more time to focus on our clients."

Naval Kapoor, President and CEO of I-Engineering, said, "We are very excited to be working with Risksmith. It is gratifying to see the impact that the ALIS system is having on the operations of this company and know that they will continue to grow with ALIS as the foundation, serving their technical needs. It was an honor to work with them and we certainly share their commitment to providing their clients with the highest level of service and satisfaction."
