

Arlington/Roe Goes Live with I-Engineering's ALIS Enterprise System

The Premier Agency Management System Launched by an Elite Wholesaler in the Midwest

Shelton, CT, September 17, 2018 – I-Engineering, Inc. is pleased to announce that Arlington/Roe of Indiana, an elite Wholesaler in the Midwest, is live with the ALIS Enterprise System. ALIS, the All Lines Insurance Suite Enterprise System, is the next generation Agency Management System, providing a fully integrated Rating

Engine with Web Services, Policy Issuance and Management, Renewals, Endorsements, Cancellations, Reinstatement, Claims, Workflow, Document Management and Reporting, as well as a full Accounting Module. This all-encompassing, cloud-based solution will empower Arlington/Roe to streamline many of their internal operations and provide exceptional service to their company partners in Indiana, Illinois, Michigan, Minnesota, Missouri, Ohio, Kentucky, Tennessee and Wisconsin.

James A. Roe, CPCU, President and Owner, is pleased to have partnered with I-Engineering and ALIS. “Our success is measured by the success of our employees, our agencies and our company partners,” Roe said. “With I-Engineering and the ALIS system, we are now able to provide an exceptional experience, from rating, to binding, to policy issuance. The level of automation and intuitiveness of the ALIS system is impressive and we are excited for our future growth with ALIS as our technology foundation and the outstanding level of service it will enable us to provide.”

Mark Garner, Vice President of Operations at Arlington/Roe, explained, “Having the ALIS system, along with the support of the I-Engineering team, will give Arlington/Roe a competitive advantage for years to come. I know that this technology will greatly simplify the day to day operations for our more than 180 staff members, giving us an even greater ability to service our company partners.”

Naval Kapoor, President and CEO of I-Engineering said, “It has been a pleasure partnering with Arlington/Roe to bring them an automation-rich ALIS system that can grow with their business. We are very excited knowing this premier MGA in the Midwest will now have I-Engineering and the ALIS system as their technology foundation. I-Engineering strives to provide the highest level of service and satisfaction and it is an honor to have Arlington/Roe as our partner client.”

About Arlington/Roe

Arlington/Roe is a managing general agency and wholesale insurance brokerage firm with specialty practices organized into 10 key areas. In addition to providing expertise in these practice areas, our underwriters and brokers coordinate among specialty teams to meet the needs of multi-faceted risk opportunities, piecing each risk puzzle together for our appointed agencies.

Our lines of business range from motorcycles to complex environmental risks and everything in between. We are proud of the expertise of our 180 staff members and the breadth of our E&S and standard insurance company markets. When agency partners consistently trust in multiple specialty practice teams, our advantage becomes their success. To learn more, visit www.arlingtonroe.com.
