

## Coastal Brokers Goes Live with I-Engineering's ALIS Enterprise System

Premier Enterprise Management System Launched by a Leading Wholesaler Broker in the West

**Shelton, CT, April 6, 2021** – I-Engineering, Inc. is pleased to announce the launch of the automation rich, ALIS Enterprise System with Coastal Brokers Insurance Services, Inc. of California. Coastal Brokers specializes in difficult to place property-casualty and transportation risks. Coastal Brokers, now live with I-Engineering's cloud based premier management system, ALIS, has a powerful

system to optimize efficiency and actively engage in new business growth, without added staff. Coastal Brokers services general liability, commercial auto liability and physical damage, garage liability and motor truck cargo, all types of property coverages including DIC, COC and inland marine floaters, and packages.

ALIS – the All Lines Insurance Suite is the complete Agency Management System, providing a fully integrated Rating Engine with Web Services, Policy Issuance and Management, Renewals, Endorsements, Cancellations, Reinstatement, Document Management, Workflow, Claims, and Reporting as well as a full Accounting Module. The ALIS system can be interfaced with third party systems via API or XML transfer.

Puneet Khurana, CEO of Coastal Brokers, is pleased with the innovation that I-Engineering and the ALIS System has brought to their everyday business functionality. “As Coastal Brokers celebrates 40 years of service, we are ever dedicated to helping brokers with our experience and strategic solutions,” Khurana said. “Partnering with I-Engineering has allowed us to utilize an automation rich technology suite to better serve our clients more efficiently. The ALIS System has really advanced how we service our brokers. Having ALIS as our technological foundation gives us a competitive advantage, with the power of enhancing service to our valued client base, while reducing turn around time.”

Naval Kapoor, President and CEO of I-Engineering said, “It is gratifying that Coastal Brokers have selected the ALIS Enterprise System as their technology foundation. The I-Engineering team is pleased that they are now reaping the benefits of ALIS and the tangible impact this powerful enterprise system has on their day-to-day business processes. ALIS gives Coastal Brokers the framework to provide their business partners with the highest level of service, as Coastal Brokers experiences the benefits of this comprehensive and intuitive Agency Management System. We congratulate Coastal Brokers as they celebrate 40 years of service. And as they look to the future, we are pleased that ALIS and the I-Engineering team will continue to play an intergral role in their continued growth and success.”

**Coastal Brokers Insurance Services, LLC.**

Coastal Brokers was incorporated on January 26, 1981. The purpose of our company is to provide markets and services for insurance brokers who specialize in difficult to place property-casualty and transportation risks. The majority of premiums are derived from the writing of general liability, commercial auto liability and physical damage, garage liability and motor truck cargo, all types of property coverages including DIC, COC and inland marine floaters, and packages.

We are dedicated to helping brokers with our experience, technology and strategic counsel. We strive to built trust with our products and services that establishes a favorable response and a long term relationship. We look forward to being partners with you!
