

Stoermer Insurance Brokers is Live with I-Engineering's ALIS, the Cloud-Based Enterprise System

An Ohio Based Wholesale Broker Serving Independent Agents in the Midwest

Shelton, CT, May 3, 2021 – I-Engineering is pleased to announce that Stoermer Insurance Brokers, a Wholesale Broker based in Ohio, is live with the ALIS Enterprise System. Stoermer Insurance Brokers, a family owned firm serving the Midwest for more than 50 years, offers an array of products to serve specialty markets, including harder to place or more complicated risks. Now live with I-Engineering's industry leading technology platform, ALIS – the All Lines Insurance Suite, Stoermer Insurance Brokers is positioned to enhance its service to their client base, providing exceptional efficiency across a wide range of products and coverages.

Stoermer Insurance Brokers offers products such as General Liability, Liquor Liability, E&O, D&O, Cyber, Personal Lines and Environmental Liability to compliment the evolving needs of independent agents. Now with the power of the cloud-based ALIS platform as their technology foundation, Stoermer Insurance Brokers have automated their manual processes by harnessing a robust technology suite. ALIS provides a fully integrated Rating Engine with Web Services, Policy Issuance and Management, Renewals, Endorsements, Cancellations, Workflow, Document Management and Reporting as well as a Full Accounting Module. I-Engineering's ALIS is the complete Agency Management System and can be interfaced with third party systems via API or XML transfer. Additionally, Stoermer Insurance Brokers now enjoy the productivity and time savings gained by using the ALIS platform's API integration with their payment systems.

Ed Stoermer, President and Underwriter of Stoermer Insurance Brokers, said, "We are very pleased to have selected I-Engineering and ALIS as our technology suite. The document management and automated workflows remove the redundant need for double entry, helping us to achieve massive efficiency gains for our team. Extending this automation to encompass our two payment systems further expedites our internal operations and allows us to provide our customers with a better, more efficient experience. It is exciting for our team to be up and running with ALIS in just a few months from start to finish."

Naval Kapoor, President and CEO of I-Engineering said, "Partnering with Stoermer Insurance Brokers has been an exceptional experience and we are very happy they have selected ALIS as their cloud-based, technology foundation to enable them to expand and grow their business. Despite the challenges imposed by the COVID-19 pandemic, I-Engineering is proud to say that this was our quickest ALIS go-live launch and we are pleased that Stoermer Insurance Brokers is now seamlessly able to provide their clients the highest level of efficiency and service. We look forward to serving their technology needs, both now and in the future, as they continue to grow across the Midwest."

About Stoermer Insurance Brokers

Stoermer Insurance Brokers was founded in 1968 when the need for specialty markets arose. “Riot” insurance and fire insurance for restaurants and properties, in areas where standard markets feared to tread, were the initial offerings of the company. Since that time in 1968, the company has continued to evolve and offer products such as General Liability, Liquor Liability, E&O, D&O, Cyber, Personal Lines and Environmental Liability to compliment the evolving needs of the Independent Agent. Dayton Premium Finance Company was also formed to assist insureds with financing their policy premiums. Most recently, Stoermer Insurance Brokers has begun to offer web and phone quotes as an additional service to the agent. For more information, visit www.stoermerco.com.

About I-Engineering, Inc.

Since 1999, I-Engineering has worked with MGAs, Wholesalers, Program Administrators and Carriers to implement customized P&C insurance software solutions that enhance productivity and speed to market. Our product offering includes an all-encompassing Agency Management System, Policy Management System for London, Program Administration System and customized Comparators for Commercial & Personal Lines.

I-Engineering, located in Shelton, CT, develops and markets Integrated Insurance Solutions to provide MGAs and Wholesalers with a modern, technologically friendly working environment. We have created and implemented a sophisticated collection of cutting-edge insurance software solutions. I-Engineering’s ALIS Enterprise System – an all-in-one solution – provides Rating with Web Services, Quoting, Policy Issuance and Management, Workflow and Document Management and Full Accounting. A sophisticated agent portal is integrated with ALIS to allow producers to get quotes on a real-time basis. This fully integrated system provides MGAs and Wholesalers end-to-end solutions.

I-Engineering is a proud member of many P&C insurance organizations, including Target Markets, WSIA, CIWA, FSLA, PIA & TSLA. To learn more, visit www.i-engineering.com.
